

Donation In-Kind for Centres, Schools, Services and Residential Home

MINDS accepts donations in-kind from corporate donors and individuals who wish to contribute that will have a direct impact to the beneficiaries, educators and staff in its day-to-day operations through our various touchpoints with our clients. We seek donors to only donate items that are in clean and in working condition. The recommended items are listed here, and if you would like to donate in-kind on any of the following, do reach out to us at donation@minds.org.sg. to confirm your desired quantity or if you have any enquiry.
